RIVERKEEPER®

September 2018

Dear Satilla River friend,

In partnership with River’s Alive, Waterkeeper Alliance, and local governmental and non-profit organizations, the Satilla Riverkeeper is hosting our 5th Annual Satilla River Cleanup! Beginning at 9AM on **Saturday, October 20th**, volunteers will collect litter throughout the Satilla River watershed at public access points to the Satilla River. In 2017, we had nearly 100 volunteers at eight sites spread across 200 miles of river, from Douglas to Jekyll Island. I am reaching out to you today with hope that you will consider **sponsoring** this river wide event.

For more than 14 years, the Satilla Riverkeeper has worked with the community, local and state government agencies, and elected officials to:

- **Protect** the Satilla River from pollution by regularly monitoring water quality, investigating proposed projects and industries that may impact the river, and reporting violations of law.
- **Restore** wetlands and river hydrology by engaging local landowners in programs and practices that improve water quality and quantity.
- **Educate** and engage our communities, especially our youth, in river stewardship and their right to fishable, swimmable, and drinkable water.
